

LYDIA STEWART

UI DESIGNER

087 453 7335

Baldwinstown Cross, Co.Dublin

lydiastew01@gmail.com

ABOUT ME

UI designer with a First Class Honours MSc in Interactive Digital Media. Because I can also code in HTML, CSS and JavaScript, my designs are practical to build and easy for developers to pick up. My portfolio covers four projects for very different people, from children aged 5 to 8 to admins scanning dense data, each with the research, decisions and accessibility checks behind it. I'm looking for a graduate role where I can work on real client projects and learn from honest critique.

EDUCATION

2025 - 2026

Griffith College, Dublin

Master of Science - Interactive Digital Media

UI and UX design, front-end web development and digital content strategy. Final project: Critter & Friends.

2022 - 2024

Colaiste Dhulaigh,
Dublin

Bachelor of Arts - Media Production

Visual design, typography, editorial layout and digital media production.

EXPERIENCE

2025 - NOW

BlackStone Motors

Content Editor

- Design visual assets and social media campaigns for a working business, to real deadlines and brand guidelines.
- Manage the full asset workflow in Adobe Photoshop, from editing and formatting to final quality checks.

2022 - 2023

New Look

Retail Sales Assistant

- Kept visual merchandising to brand standards in a fast-paced store, working closely with the team on high-volume seasonal stock.

SKILLS

- **UI design:** wireframing, high-fidelity screens, prototyping, components and variants, design systems, responsive layouts, typography and colour.
- **Research and accessibility:** surveys, heuristic reviews, competitor audits, personas, usability feedback, WCAG 2.1 contrast and target-size checks.
- **Code:** HTML, CSS, JavaScript, Astro, Next.js.
- **Tools:** Figma, Adobe Illustrator, Photoshop and InDesign.
